FEMININE ACCESSORIES

Your accessories are sparkling and delicate.

Fine soled shoes with fine straps, never heavy or clunky), a blinged-up ballet-flat is your go-to casual shoe.

Handbags are softly structured and more refined, never oversized - think purse, not backpack!

GROOMING

Your grooming is always feminine and pretty. Long hair with some curl and makeup that enhances your natural beauty in a subtle but accentuating way.

Skirts and dresses are favoured over jeans and pants where possible, but if you are wearing jeans, you may seek out ones with a floral embroidered motif, or a sparkle detail on the pockets to add back femininity to this masculine garment.

KEY ELEMENTS

Key elements of the style include soft feminine curves - the hourglass silhouette is often desired but is not skin tight or overtly alluring or sexy.

You'll find soft and light floaty fabrics such as chiffon, or fabrics that are touchable such as velvet, angora or fur. Some sheen and shine, a little glitz or glamour can also be appreciated. Delicate curvy patterns, from polka dots to florals are most commonly appreciated.
